**NEW YORK, NEW YORK (October 9, 2018) Griffin Industrial Realty, Inc. (Nasdaq: GRIF) (“Griffin”)** reported total revenue of \$8,001,000 and \$25,397,000 for the three months ended August 31, 2018 (the “2018 third quarter”) and nine months ended August 31, 2018 (the “2018 nine month period”), respectively, as compared to \$9,954,000 and \$35,020,000 for the three months ended August 31, 2017 (the “2017 third quarter”) and nine months ended August 31, 2017 (the “2017 nine month period”), respectively. The lower total revenue in the 2018 third quarter and 2018 nine month period, versus the comparable 2017 periods, reflected a decrease in revenue from property sales partially offset by an increase in rental revenue. Rental revenue increased to \$8,001,000 and \$24,374,000 in the 2018 third quarter and 2018 nine month period, respectively, from \$7,759,000 and \$22,070,000 in the 2017 third quarter and 2017 nine month period, respectively. The higher rental revenue in the 2018 third quarter, as compared to the 2017 third quarter, principally reflected rental revenue from 330 Stone Road (“330 Stone”), an approximately 137,000 square foot industrial/warehouse building in New England Tradeport (“NE Tradeport”), Griffin’s industrial park located in Windsor and East Granby, Connecticut, which was completed and placed in service in the fiscal 2017 fourth quarter. The higher rental revenue in the 2018 nine month period, as compared to the 2017 nine month period, principally reflected rental revenue from 215 International Drive (“215 International”), an approximately 277,000 square foot industrial/warehouse building in Concord, North Carolina (in the greater Charlotte area) that was acquired and became fully leased in the fiscal 2017 third quarter, 330 Stone and new leases of previously vacant space.

There were no property sales in the 2018 third quarter, as compared to revenue from property sales of \$2,195,000 for the 2017 third quarter. Revenue from property sales was \$1,023,000 for the 2018 nine month period, as compared to \$12,950,000 for the 2017 nine month period. Revenue from property sales for the 2017 nine month period included \$10,250,000 from the sale of approximately 67 acres of undeveloped land (the “2017 Phoenix Crossing Land Sale”) in Phoenix Crossing, an approximately 268 acre business park master planned by Griffin that straddles the town line between Windsor and Bloomfield, Connecticut. Property sales occur periodically and year to year changes in revenue and gains from property sales may not be indicative of any trends in Griffin’s real estate business.

Griffin reported a net loss for the 2018 third quarter of (\$122,000) and a basic and diluted net loss per share of (\$0.02), as compared to net income of \$1,329,000 and basic and diluted net income per share of \$0.27 and \$0.26, respectively, for the 2017 third quarter. The net loss in the

2018 third quarter, as compared to net income in the 2017 third quarter, principally reflected the inclusion in the 2017 third quarter of both a pretax gain of \$1,940,000 from property sales and a pretax gain of \$275,000 on the sale of Griffin's remaining holdings of common stock of Centaur Media plc ("Centaur"), partially offset by lower income taxes and an increase in profit from leasing activities<sup>1</sup> (which Griffin defines as rental revenue less operating expenses of rental properties) in the 2018 third quarter.

For the 2018 nine month period, Griffin reported a net loss of (\$1,514,000) and a basic and diluted net loss per share of (\$0.30), as compared to net income of \$5,117,000 and basic and diluted net income per share of \$1.02 for the 2017 nine month period. The net loss in the 2018 nine month period, as compared to net income in the 2017 nine month period, principally reflected the inclusion in the 2017 nine month period of a pretax gain of \$7,975,000 on the 2017 Phoenix Crossing Land Sale, the pretax gain on the Centaur sale discussed above, an increase in depreciation and amortization expense principally related to 215 International and 330 Stone, and an increase in interest expense, principally reflecting the higher amount of debt outstanding. Those items were partially offset by an increase in profit from leasing activities, lower general and administrative expense and a lower income tax provision in the 2018 nine month period, as compared to the 2017 nine month period.

Profit from leasing activities increased to \$17,096,000 in the 2018 nine month period, from \$15,248,000 in the 2017 nine month period, driven by the increase in rental revenue in the 2018 nine month period as compared to the 2017 nine month period. General and administrative expenses decreased to \$5,815,000 in the 2018 nine month period from \$6,131,000 in the 2017 nine month period, principally due to lower expenses related to Griffin's non-qualified deferred compensation plan and the 2017 nine month period including the write-off of costs related to a land purchase that was not completed.

As of August 31, 2018, Griffin's portfolio of rental properties included 35 buildings aggregating approximately 3,710,000 square feet that was 94% leased as compared to 34 buildings aggregating approximately 3,574,000 square feet that was 96% leased as of August 31, 2017. The increase in Griffin's portfolio as of August 31, 2018 compared to August 31, 2017 reflected 330 Stone. As of August 31, 2018, Griffin's seventeen industrial/warehouse buildings in the Hartford, Connecticut area, aggregating approximately 1,817,000 square feet, were 94% leased. Griffin's five industrial/warehouse buildings, aggregating approximately 1,183,000 square feet, in the Lehigh Valley of Pennsylvania and the approximately 277,000 square foot industrial/warehouse building in the Charlotte, North Carolina area were all fully leased as of August 31, 2018. Griffin's office/flex space of approximately 433,000 square feet was 72% leased as of August 31, 2018.

Subsequent to August 31, 2018, Griffin added two newly completed industrial/warehouse buildings to its portfolio, an approximately 234,000 square foot build-to-suit industrial/warehouse building ("220 Tradeport") in NE Tradeport, and an approximately 134,000 square foot industrial/warehouse building ("6975 Ambassador") in the Lehigh Valley that was built on speculation. The full building

<sup>1</sup> Profit from leasing activities is not a financial measure in conformity with U.S. GAAP. It is presented because Griffin believes it is a useful financial indicator for measuring results of its real estate leasing activities. However, it should not be considered as an alternative to operating income as a measure of operating results in accordance with U.S. GAAP.

lease of 220 Tradeport, which commenced on September 5, 2018, has a term of twelve years and six months with several five year renewal options. The tenant, an investment grade company, intends to use the building for the distribution of auto parts. 6975 Ambassador is not yet leased. The addition of these two buildings increases Griffin's total portfolio to approximately 4,078,000 square feet, with industrial/warehouse space comprising 89% of the total portfolio.
